Our Bio side...is Bio, Bio

Only real things repeat twice

Caparrós Nature, main company of Grupo Caparrós, has been working since 1984 for make this busniess group a benchmark in the agri-food sector, establishing a policy based on demonstrable quality of our products, the food security, economic, social and environmental sustainability as well as internationalization, professionalism and business innovation.

Over 35 years of experience are guaranteed our quality. We are recognized for our values, capacity for innovation and a following search of quality and our undertaking with sustainability.

But for us, first and foremost, the key to success are the people, because of that, among many others appreciations and distincions, we are the first andalusian company in the sector certified by AENOR as a healthy company, and the second spanish company attached to the Decalogue of Sustainability of the Ministry of Agriculture.

As a new initiative, we invest in a line totally environmentally friendly incorporating a range of products into our eco catalogue; following with the philosophy of quality that supports us.

A handwritten signature in white ink, reading "Pedro Caparrós". The signature is stylized and fluid, with the first name and last name clearly distinguishable.

Pedro Caparrós
CEO Caparrós Nature

A close-up of a red, curved tag with the word "Caparrós" in white, sans-serif font. A small yellow leaf icon is positioned above the letter 's'. The tag is attached to a dark blue, textured fabric.

A woman with blonde hair tied back, wearing a sleeveless patterned dress, sits on a red and white checkered picnic blanket. She has a black Star Wars Rebel Alliance symbol tattoo on her right upper arm. Next to her is a wicker picnic basket and a pair of sneakers. A light blue jacket is rolled up on the blanket. The background is a field of tall grass and trees under a clear sky.

Our Bio side ...is *Bio, Bio*

Our fruits and vegetables taste like the ones our grandparents used to eat, and now we also go back to working the fields like them, optimizing resources and in an ecological way.

Now you can find our products in the Caparrós Bio catalogue.
But is bio, bio ...
Because only real things repeat twice.
